

Details of our phonics scheme

EYFS and KS1 follow the 'Letters and Sounds' DfES 2007 publication for teaching synthetic phonics which was recommended following the 'Independent Review of the Teaching of Early Reading' by Jim Rose 2006.

Pupils are taught using a multi-sensory approach to learning in daily 20 minute sessions.

We use 'Bug Club', 'First Phonics' and 'Songbirds' decode-able reading books to support the application of the skills taught.

If you require any further information, please contact the school and ask to speak to our Key Stage One coordinator Mrs T Dowell.
