

Crowmoor Primary School's Vision

At Crowmoor we believe that we must focus on developing each child's individual personality, talents and abilities to the full.

As a school we should enable each and every child to have the ability and freedom to Dream, Believe and Achieve what is best for them.

Crowmoor will encourage each child's respect for other's rights, as well as a respect for their parents/carers and adults, their own and other cultures, and the environment.

Every Child Matters at Crowmoor!
